

Dear friends,

Just when I thought it could not get any more incredible, God has blown the doors off of us again! Last night, my piano started playing by itself and sustained a note for over two and a half hours. We were very blasted to say the least. The glory came in the room and you could see the tangible signs of a glory cloud.

On Monday I saw an angel with my eyes and it was black. At first I wanted to rebuke it but God told me the angel was Black Gold! Jim Paul, a prophet of God, who is here now releasing things to us also had that angel visit him in his hotel room. Jim told us that this angel was a watcher angel that protects revival. My cell phone received a voice mail message this morning that was a portion of "Holy" from the service the night before. There is no record of receiving a cell call at all last night!! God is good. Also when we took pictures, orbs are all over the room and several of us became "transparent". You judge it for yourself. I am including a few photos that will blow your mind.

I don't know if what we are experiencing is revival or not but for a week now, we have been seeing angels, feeling fire, people are getting healed, filled and restored and the Love of the Father is blasting our socks off! So if you want to term that revival, that is what is happening right now at ER.

I want to encourage you that if you have a chance to come out even tonight, you will not be disappointed. Service begins at 7:00 pm tonight. Tonight will be Jim's last night with us and he and Dianne will be at HUB with Nancy Magiera tomorrow night at 7:00 pm. at the Holiday Inn Select in Naperville.

If this continues, we will hold services next week as well. I will keep you posted.

So if you are free, come and add to what God is doing at the ER tonight. If you know of someone who is sick and needs to be healed, call them and tell them to come.

More Fire, More Wind, More of you Lord!!
Lisa
