

It's Contagious! At the ER

Dear friends,

I would not have believed it myself had I not heard it. Monday night, one day after returning from Lakeland Florida and the great outpouring there, God rang the phone at Eagle Rock. Marietta and I were working in the Sanctuary late that night and we both heard an old style rotary phone ringing. It was not a cell phone or a modern phone. There are no phones hooked up in the sanctuary, God rang this supernaturally! We heard it twice and I called the church to come to the building. Four hours later we had seen angels with our natural eyes, felt the coals from the altar with our natural lips, (Mine even swelled up and still are chapped and dry) and had an enormous outpouring of Daddy's love.

Immediately I was drawn to Jeremiah 33:3. He is absolutely doing a great work that we can't even imagine!!

On Sunday, we released three anointings on the congregation, the three anointings of David and now Jim and Dianne Paul, who are with us through Sunday morning, are releasing three outpourings. Tonight, Thursday, we had service and two knees were healed, headaches healed, a neck healed, a broken nose healed and many aches and pains were just gone. God also was healing our emotions and drowning us in His love and strength. There was great laughter and joy in the room. God is truly pouring out His Spirit on us. This time it is different, not like before, more powerful and more incredible.

So if you are free this weekend, God is moving in a great way. Services Friday and Saturday are at 7 p.m. Bring someone out that needs to get healed or touched. I believe that just like in Florida, He is waiting for expectancy, hunger and desperation. I have all three and I never want it

to stop. The same Spirit that raised Christ from the dead, now lives in you, receive your healing.

So if you are free and want to go a little deeper, come out to the ER this weekend and be healed, or just get blasted with joy! You can meet us on the floor any time after 6 p.m. for a before service outpouring!!

Be blessed,
Lisa
